

No Bid, No Hassle Playgrounds?

Make any public space more kid-friendly with a new turnkey playground installation program from LaMATS Purchasing Services.

Many parks can now be equipped with a complete playground for under \$154,450—the threshold for having to place a project out for bid. Fully compliant with Louisiana Bid Law, LaMATS has made it easy by partnering with top Miracle Playground and USASHade distributor Kincade Recreation to design and install your community's new favorite play-space.

Financing a problem? LaMATS Purchasing Services has teamed with Government Capital Corporation to provide “no-hassle” financing through a lease-purchase option that does not require Bond Commission approval.

Why wait? Contact Paul Holmes, LaMATS Procurement Consultant today! Paul@lamats.net
